SUMMARY

As an MCA student, I specialize in computer applications and software development, backed by solid academic scores. My training has equipped me with skills in programming languages like Java, Python, and C, along with database management using MySQL and MongoDB. Familiar with Agile processes and version control tools like Git, I am eager to apply my technical knowledge in the IT industry.

EDUCATION

Bachelor Of Computer Applications　08/2021 - 05/2024

KLE Society's RLSI　Bangalore

Master of Computer Applications　08/2024 - 05/2026

Presidency University　Bangalore

PROJECTS

Blood and Donor Management　04/2023

Bangalore

A web application that manages blood donor data.
- Developed a web-based application to manage blood donor data.
